

Kia Canada Adds Stinger 2.0L to Award-Winning Lineup

(TORONTO) May 22, 2018 - Kia Canada Inc. (KCI) today announced that, starting later this summer, the 2019 Kia Stinger will be available in Canadian dealerships with a choice of Kia's 3.3L Twin-Turbo GDI 6-cylinder engine or Kia's 2.0L Turbo GDI 4-cylinder engine. The new 2019 Stinger 2.0L GT-Line AWD will feature many of the same design attributes that has made the 3.3L version the talk of the industry, while providing an opportunity for even more Canadians to get into Kia's award-winning sports sedan.

"Long before it even arrived in our dealerships, the Stinger was already the industry's hottest car – and for good reason," said Ted Lancaster, VP & COO, Kia Canada Inc. "Since its arrival, the overwhelming customer feedback on the 3.3L version has demonstrated that Canadians are ready for a new option in the sports sedan market, so we're excited to now be adding the 2.0L Stinger to give the old regime an even harder run for their money."

Pricing for the 2019 Kia Stinger lineup will be announced at a later date. Features of the new Stinger 2.0L GT-Line AWD will include the following and more:

- 2.0L Turbo GDI 4-cylinder engine
